SOMETHING NEW AND VALUABLE. The most powerful King on the face of the globe now seigns supreme in the American Republic. The power of the crowned heads of Europe sink into insignificance when compared to our American King.

European kings employ the power vested in them to increase the riches of the rich and lordly, and to reduce to greater misery and degradation, the poor and dependent. our American King goes forth withrequal willingness to the lordly manalog and the humble cable, ready alike to administer relief, and to offer health and happiness to the loftly and lowly, the rich and the poor.

DR. JOHN BULL'S AMERICAN KING OF PAIN Is the Tarra Wonden or rus Wonden, and the greatest blessing ever offered to afflicted humanity; to the exf-fering millions, the Doctor can say, relief is at your com-mand. You have only to use this magical remedy. All those who still suffer, and will not accept the profibered Baim, deserve not the pity of their families. This wonderful medicine, during the brief period since its introduction, has carried happiness to the hearts of thousands, and made life a charm to many who hereto-fore regarded it only as a painful and miserable exist-once.

King of pain," a preparation composed solely of regetables and roots, produced by America's own rich and bountsons soil.

We would ask the Labra, who are always competent judges of what is and what is not a valuable family medicine, to do us a special favor by giving the King of Pain a single trial, and if satisfactory, exert their influence in its behalf, recommend it, speak well and often of it, and see that it is used by their afflicted neighbors. The Ladies are always charitable, and when they induce their suffering friends to use this really valuable medicine, they will be doing an act of benevolence that they can well be proud of. This is a powerful and truly-singlest remedy for all external diseases, sores, swellings, burns, &c., and for many internal afflictions is a cartain cure, yet it is perfectly harmless, and incapable of preducing the least injurious effects in the most delicate cases or the weakest constitution.

It is entirely useless to follow the old and worn-out system of publishing to the public thousands of certificates of wonders performed by this medicine. It costs but twenty-five cents to try it, and Dr. Bull stakes his well exarmed reputation on the King of Pain doing all and more than he claims for it.

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recips by which Bull's Sarsaparlits is prepared, not one has condemned it, but all approve it, and commend it in the highest terms. Many physicians express themselves strongly in the belief that it is decidedly the best preparation of Sarsaparlits that has ever been placed before the public. Although there are many physicians who feel a reluctance to having their names appended to the recommendation of any particular remedy, notwithstanding they may approve of it in the highest degrees; there are others who frankly yield their support in favor of a remedy which they know is capable of doing so much good in an afflicted community. As an evidence, read the following from old and respectable physicians, of high standing in the community in which they live.

TESTIMONY: Testimony like the following renders superflows all comments on the efficacy of Bull's Sarasparilla. From Dr. L. P. Tandall, Professor of Chemistry in the Louisville Medical College: I have looked over the list of ingredients composing John Bull's Extract of Sarasparilla and have no hesitation in saying that they form a safe compound, and one that promises well in chronic disease, to which it is applicable. L. P. TANDALL M.D. Louisville, June 6, 1848.

What Dr. Pyles, physician by appointment to the Louisville Marine Hospital says of Bull's Sarsaparilla: I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article now in use.

We would earnestly invite all persons who are suffering with any of the illa that flesh is heir to, to call on Dr. John Bull's agent and get a copy of Bull's Family Journal gratis; and for the sake of humanity we hope that a single individual will not be found unwilling to give Bull's Sarsaparilia a trial after reading and recollecting, at the same time, that it is impossible for the Doctor to publish the tenth part of the number of certificates of astounding curse performed by his Sarsaparilla. The amount of testimony voluntarily showered on Dr. Bull's Sarsaparilla, from well known and distinguished individuals, both in public and private life, has been perfectly overwhelming.

from a most distinguished mumber of the PROT. O. J. WOOD - DEAR SIR: - Unsolicited I send you this considerate. After being nearly, hald for a long time, and having tried all the hair restoratives extant, and having no faith in any I was induced on hearing of years, to give it a trial. I placed myself in the hands of a Barber, and had my head rubbed with a wod, stiff brush, and the Restorative them applied and well rubbed in, till the scalp was all a glow. This I repeated every morning, and in three weeks the young hair appeared and grew rapidly from August last up to the present time, and is now thick, black and strong—soft and pleasant to the touch, whereas before it was harsh and wiry, what little there was of it and that little there was disappearing very rapidly. I still use your Restorative about twice a week and shall soon have a good and perfect crop of hair. Now, I have read of these things-and who has not?--but have never seen hitherto any case in which any person's hair was really benefitted by any of the hair tonics, etc., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others and it althe Territory. The people here saw its a Tects and have confidence in it. All who have used it here will coincide with me in what I have written. The supply you sent us as the wholesale agents for the Territory is already exhausted and daily inquiries are made for it. You deserve credit for your discovery. I for one return my thanks for the benefit it has done me, for I had long ago despaired of effecting any such result. I congratulate you that your fortune (and a large one) is already made.
